24. Lift & Break
   - Lift the handle of the brewer. The brew button will remain illuminated while brewing. The brewer will notify you when brewing is complete. Pet the brew head.
Caring For Your Brewer

Troubleshooting

Brewer Does Not Have Power or is Off
- Ensure the power outlet is operational; check other small appliances. Check to see if the brewer is plugged in. Check to see if the brewer is turned on. Check the fuse or circuit breaker.
- If the above does not resolve the issue, contact Customer Service.

Brewer Will Not Brew
- The brewer will not make coffee if:
  - There is not a K-Cup® pod inserted in the brewer handle.
  - The water reservoir is empty.
  - The water filter is not inserted properly.
  - The brewer handle is not locked in place.
- If the above does not resolve the issue, contact Customer Service.

Cleaning Entrance Needles

The needles on the underside of the lid are designed to puncture the K-Cup® pod and release the coffee. Sharp needles. Do not put fingers in chamber.

NOTE:
- The needles can become clogged with coffee grounds.

TIP:
- Insert a straightened paper clip into the holes to unclog the needles.

Couch K-Mug® and K-Carafe® Pods

The plastic cups of K-Mug® and K-Carafe® pods can be recycled wherever #5 plastic is accepted. #5 plastic cannot be recycled with regular household recycling programs.

Recycling K-Mug® and K-Carafe® Pods

The metal cups of both K-Mug® and K-Carafe® pods need to be recycled separately. All metal containers should be rinsed and dried before recycling.

Descaling Your Brewer

The Keurig® Descaling Solution is a specialized cleaning solution that prevents mineral deposits from forming in the brewer. To descale your brewer:

STEP 1: Empty Water Reservoir
- Turn off and unplug the brewer.
- Pour the remaining contents of the water reservoir into the sink. Use a separate sink for the descaling solution.

STEP 2: Pour Descaling Solution
- Pour the entire bottle of Keurig® Descaling Solution into an emptied water reservoir. Add water to reservoir to fill to MAX fill line.

STEP 3: Run Descale Cycle
- Press and hold the power button to turn the brewer on. Select the largest brew size and press the brew button. The brewer will make coffee as it runs through the descale cycle.

Warranty

LIMITED TWO-YEAR WARRANTY

Keurig® is a leading manufacturer of small kitchen appliances. We are proud of our quality products and of the service we offer to our customers. If you encounter a problem with your brewer, or if you have any questions about its operation, please contact Customer Service.

WHAT IS COVERED UNDER THIS LIMITED WARRANTY?

This warranty applies only to products that are purchased directly from Keurig®, or from an authorized retailer or distributor of Keurig® products. This warranty does not extend to products purchased by a customer from a retailer of a customer who has purchased the product from Keurig®.

This warranty covers defects in materials and workmanship in normal household use.

WHAT IS NOT COVERED UNDER THIS LIMITED WARRANTY?

This warranty does not apply to products purchased for commercial use.

The following are not covered by this warranty:

- Normal wear and tear
- Damage caused by misuse or abuse
- Damage caused by the use of a product other than a Keurig® K-Cup® brand pod
- Damage caused by unauthorized repair or modification
- Damage caused by improper installation
- Damage caused by accident or fire
- Damage caused by exposure to water
- Damage caused by handling or transportation

HOW DO YOU OBTAIN WARRANTY SERVICE?

To obtain warranty service, you must be the original owner of the brewer and you must provide a copy of the purchase receipt.

If you have purchased your Keurig® brewer in the United States or Canada, call Customer Service at 800-944-4300. If you have purchased your Keurig® brewer in Mexico, call Customer Service at 018000499000.
